Press Release

People Matter: A+A 2021 again enables personal contacts with customers – secured by the Hygiene and Infection Protection Concept of Messe Düsseldorf

- Ticket-Shop and exhibitor data base now live
- Being recovered, vaccinated or tested mandatory for check-in
- Interview on Hygiene and Infection Protection Concept

Düsseldorf, 25 August 2021 - Only a few weeks to go until A+A opens its doors in Düsseldorf. From 26 to 29 October 2021 more than 1,000 companies will be presenting their products, solutions and global premieres to predominantly European visitors at A+A. The exhibitor database on the A+A homepage serves to prepare for visiting the most relevant event on health and safety at work. Both have now gone live and provide a detailed overview of all participating companies and their products and ranges. The exhibitor database can be accessed via this [Link](#).

Comprehensive Hygiene and Infection Protection Concept

The trade fair secures the trade fair visit by means of a comprehensive Hygiene and Infection Protection Concept for events at the homebase Düsseldorf, which has already proven its worth during several trade fairs and is constantly adapted to the current circumstances. The best protection possible for all trade fair participants is ensured by 1-day tickets exclusively available online with pre-registration, checks ensuring that visitors have been tested, vaccinated or recovered at the entrances, high-performance air-exchange/filter systems in the exhibition halls, spacious hall layouts, targeted routing, distance markings and mandatory use of masks in the halls and rooms. Medical masks, FFP2 or KN95/N95 masks are permitted - no face shields or fabric masks. For the A+A 2021 Ticket-Shop click here: www.AplusA.de/2130

A+A Congress: Programme and Ticket Shop live

Tickets for the 37th International Congress for Occupational Safety and Occupational Medicine can be purchased now. The A+A Congress takes place parallel to the trade fair and is organized by the German Federal Association for Occupational Safety and Health (Basi). For more information on the Congress and tickets visit: <https://www.basi.de/aa-congress/>

Note: Congress ticket holders will automatically receive a voucher code from Messe Düsseldorf for a 1-day admission ticket to the trade fair and the associated link to the Ticket-Shop. Access to the trade fair is only permitted with pre-registration on the A+A website.

“With our Hygiene and Infection Protection Concept as a basis we can offer the industry a physical A+A again – as a platform for presentation, information, exchange and networking. After an intense time of digital communication there is a strong desire for personal encounters – also in business. Healthy and safe working, in particular, are moving even more centre stage than before in this current situation. This is why A+A as a platform with the currently trending themes sustainability and digitalisation and the associated content comes at the perfect time,” says, Birgit Horn, Project Director A+A.

You can find a brief summary of the key facts from the detailed Hygiene Concept as a pictogram overview on the Hygiene and Infection Protection information page of A+A 2021: www.aplusa-online.com/Hygiene_concept_PROTaction or as a PDF for download here: [Fact Sheet](#)

An extensive interview between Birgit Horn, Project Director A+A and Markus Leuker, Head of Occupational Safety and Health at Messe Düsseldorf, sheds more light on the most important cornerstones of the Hygiene and Infection Protection Concept. For the interview [click here](#).
