

Press Release

TOS+H Expo 2024 - 5th Turkish Occupational Safety + Health Exhibition – Successful Cooperation with the Istanbul Chamber of Industry Continued

After the successful TOS+H Expo in 2022, Messe Düsseldorf GmbH and its local partner, Tezulas Fuar, as well as the Istanbul Chamber of Industry (ISO), continue to be charted for success.

May 2 – 4, 2024 TOS+H Expo will be opening its doors again. On all three days interested visitors and experts can also take part in OSH-related symposia, lectures and workshops held concurrently with the trade show.

TOS+H Expo is the biggest trade show for occupational safety and health in Türkiye and the only event covering all OSH sectors: ranging from medicine and industry to IT and environmental protection, all sectors will be present under one roof.

As a trade show for safety and health at work, TOS+H Expo brings together producers, dealers, scientists, occupational physicians, ministries, and institutions. The Istanbul Chamber of Industry will again be enriching TOS+H Expo with concurrently held Occupational Health and Safety Symposiums focusing on forward-looking themes. This provides important impetus for the culture of prevention in companies in Türkiye and its neighboring states.

TOS+H Expo is organized by Tezulaş Fuar and Messe Düsseldorf, which also stages the world's largest trade show for occupational safety and health in Germany. A+A 2023 held from October 24 – 27 in Düsseldorf beating all previous records with 2,200 exhibitors and 80,300 square meters of exhibition space.

TOS+H Expo, Congress and workshops will again be held at the ICC (Istanbul Congress Center). The exhibition grounds are located at the center of the city and easy to reach by public transport. At TOS+H Expo
