

# EXPERIENCE SAFETY!

27 - 30 October 2015  
Düsseldorf, Germany

Safety, Security  
and Health at work

International Trade Fair  
with Congress

[www.AplusA-online.com](http://www.AplusA-online.com)

Messe  
Düsseldorf

## “A COMPANY IS ONLY AS STRONG AND HEALTHY AS ITS EMPLOYEES.”

As the No. 1 trade fair for safety, security and health at work, international specialist knowledge is bundled together at the location in Düsseldorf.

For a world with more safety and health at work, industry leaders and international experts present their products and innovations. Numerous **LIVE events**, such as Workplace Design, A+A Fashion Show or Occupational Fire Protection and Disaster Management, provide additional information platforms.

Working safe and well is also still a key topic within the fields of politics and the economy. **This is because businesses can only do well if their employees are doing well!**

In light of this joint effort, we would like to welcome you to A+A 2015!

Yours sincerely, Birgit Horn, Director A+A

Over **63,000** specialist visitors from **69** countries

More than **1,600** exhibitors from **54** nations

**60,690 square metres of** exhibition area

**97%** satisfied exhibitors and visitors

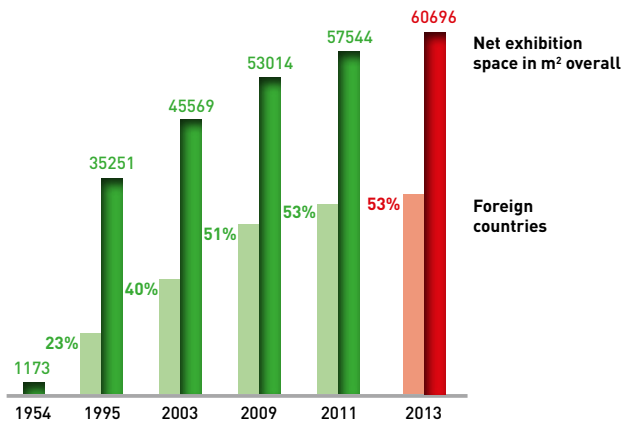

**No. 1** meeting point of the industry worldwide

# A+A 2013 – A LOOK INTO THE PAST

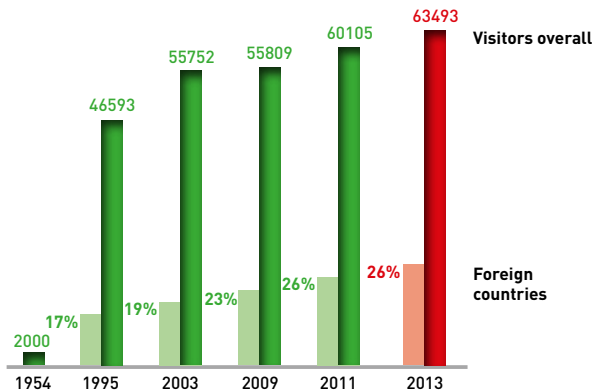

## Exhibitor figures

## Exhibition space

## Visitor figures

In 2015, A+A is offering the **perfect forum** to introduce new products and solutions to a **highly qualified audience**.

## A+A 2015 – SURELY NUMBER 1

A+A continuously develops along with the **world of health and safety at work** to present the best international solutions: Thereby, A+A 2015 is looking very forward to its **partner country, the Republic of Korea**, which is considered a pioneer in the field of prevention and protection system development.

A+A 2015 is also living out the ongoing further development in the core topics of safety, security and health at work: Look forward to the additional information in the **new specialised segments, corporate fashion** with the **A+A Fashion Show** and **ergonomics** with the special show Workplace Design!

Be there live!

### A+A 2015. The target groups:

- Safety engineers, experts, officers
- Decision-makers/purchasers from industry, commerce, handcrafts
- Professional and works fire brigades
- Environmental protection officers
- Planners and builders
- Works doctors, practitioners of occupational health, travel medicine and environmental medicine
- Life rescue services and disaster management officers
- Employees of technical testing agencies and trade regulatory authorities
- Responsible people from science and research
- Employees of ministries, institutions and organisations, chambers of commerce, trade unions and health insurance companies
- Works committees and staff councils
- Personal and property security services
- Journalists and media representatives

## GROWTH MARKET IN THE LIMELIGHT

People are the most important, and at the same time, they are the most fragile elements within a company. Safety at work is the first priority for the well-being of each and every employee!

Experience which modern and qualitative solutions **protect employees from head to toe** at the A+A 2015!

Be impressed by the functionality and the design of intelligent protective clothing in the PPE segment, in addition to the field of **corporate fashion** at the **A+A Fashion Show** and the **Innovation Park Safety & Security**.

Feel free to stop by! Individual solutions and interesting dialogues shall be awaiting you!

The yearly **market volume for PPE** is **1.7 billion euros** in Germany alone\*.

### Safety at Work at A+A:

- Personal protective equipment (PPE)
- Corporate Fashion/Identity/Image Wear
- Fabrics for protective wear and workwear
- Safety equipment and facilities for the workplace
- Software
- Services and consultancies
- Accessories and components

## SECURITY AT WORK

### NEW AND FURTHER DEVELOPMENTS FOR COLLECTIVE PROTECTION

A healthy workforce only works and maintains its health as the **safety of the workplace environment** allows. Ergo, safety at work begins at the very gates of the company.

Ranging from self-closing cabinet systems to extensive fire protection concepts, **A+A 2015 offers answers** to operational safety issues: for the protection of property, production, services and maintaining the health of people and companies.

Ensure even more safety: Visit the **Theme Park "Occupational Fire Protection/Disaster Management"**

#### Security at Work at A+A:

- Fire protection, safety products and systems
- Protection against explosions & toxic products
- Protection against radiation
- Electrical Safety
- Air pollution control
- Noise reduction/silencers/vibration protection
- Environmental protection at work – Focus on ENVITEC®
- Measurement and control technology
- Safe equipment and systems
- Safety devices for machinery
- Standing areas
- Facilities, equipment
- Maintenance, service and repair
- Transport and vehicle safety
- Quality assurance
- Protection of items
- Technical aids
- CBRN protection/decontamination
- Crisis and emergency management

### DISASTER & EMERGENCY MANAGEMENT

In the event of an **emergency or a major disaster**, A+A offers **disaster and emergency management**, in addition to the fields of safety and security at work.

### PEOPLE REPRESENT THE MOST VALUABLE ASSETS OF A COMPANY

**Health promotion in the workplace** and designing workplaces that promote health are becoming more and more important from a social, business and, last but not least, an economical perspective – both at a **national and an international** level.

A+A 2015 will again shed light on every business aspect concerning health at work, including, among other things, heightened psychological stress due to an increase in competitive pressure for example.

Exchange information with an **expert audience from all over the world** and gain new insight – at the A+A 2015!

**15,000 professional visitors** are interested in the field of **health at work\***.

#### Health at Work at A+A:

- Health at work/environmental health/travel health
- Workstation architecture, ergonomy
- Devices, equipment and preparations for use in first aid and emergency relief
- Prevention and therapy
- Hygiene and sanitary supplies
- Occupational health equipment
- Catering in the workplace/healthy eating
- Services and consultancies

## SPECIAL INTEREST

Special interests require special measures of action. In the **Special Interest Area**, A+A 2015 addresses two current topics with the fields of **corporate fashion and workplace design/ergonomics**.

### CORPORATE FASHION

### FOR A LIVELY CORPORATE IMAGE

**Corporate fashion** sets the stage for modern protective clothing, workwear and apparel with **high-tech materials** and unique distinguishing features. This ranges from embroidered logos all the way to completely wearable CI.

The 2015 highlight: The **A+A Fashion Show!**

### WORKPLACE DESIGN/ERGONOMICS

## ERGONOMICS, HEALTH AND WELL-BEING AT WORK

**Workplace design/ergonomics** concentrate on people oriented workplace design and ergonomic improvement, from the workplace environment all the way to psychosocial requirements. Special highlight in 2015: A+A **special show Workplace Design!**

Current topics for masterminds and those who are thinking about the future!

34<sup>th</sup> International Congress on Occupational Safety and Occupational Medicine

## LEADING KNOWLEDGE: 34<sup>TH</sup> INTERNATIONAL A+A CONGRESS!

More than 5,500 visitors attended the events of the A+A Congress 2013. The wide range of themes, the strong orientation towards the requirements involved with workplace practices and current information make the A+A Congress the leading event for all issues concerning safety and health in the workplace.

Here is where national and international professionals from companies in the fields of politics, administration, associations as well as social partners meet.

**Take part and experience more at the A+A 2015!**

## International Conference of the International Labour Organization (ILO Conference)

The globalisation of trade and investments require coherent international policies for work and health protection. The ILO fights for the formulation and implementation of international working and social standards.

### Dialogue themes A+A Congress 2015

- **Analysis and design of work**  
Hazard assessment, work planning, arrangement of working time
- **Risk and stress factors**  
Noise, climate, hazardous substances, office workplaces
- **Technology and prevention**  
Product safety, personal protective equipment, workplaces
- **Psyche and health at work**  
Psychological strains – psychological health, occupational health, health promotion at work
- **Strategies, qualifications, professions**  
Joint German OSH Strategy, approaches specifically tailored for target groups, occupational protection management
- **Social developments and discussions**  
Social responsibility of companies, demographic development, diversity

The organiser of the congress is the German Federal Association for Occupational Safety and Health ([www.basi.de](http://www.basi.de)).
